

Chaperone Responsibilities

Chaperone - If you are a chaperone, please be at the cafeteria by 3:00 pm. The chairs need to be set up and all the chess boards need to be set out before children are dismissed from classes at 3:20. During chess club, you will be walking around making sure children are in their seats and playing chess. Many children will have questions. Don't worry if you don't know how to play chess. We have an experienced middle school student who can answer chess-related questions. Chaperones also escort children to the bathroom, serve snack, and assist with dismissal.

Dismissal - If you are helping with dismissal, please be at the cafeteria by 4:30 pm. We will be tending the doors to make sure children don't leave without a parent and escorting the SACC children back to their room. You will help put the chess equipment away and keep the children safe and quiet in the cafeteria until parents arrive.
