

Logistical Reminders for Parents/ Guardians

Missing Chess Club

If your child was in attendance at school, but will not be attending chess club, please notify one of the Chess Club Chairs. It is important for us to account for each child at the start of each session to ensure that a child did not accidentally go home to an empty house!

Pick-up

Please remember to sign out your child prior to retrieving him/her at the end of Chess Club at 4:45pm. **Please wait at the door for a parent volunteer to locate your child for you in the cafeteria.** Due to the large size of the club, it is most orderly for the volunteers to line the children up along one wall in the cafeteria and allow them out in the hallway only after parents/guardians have arrived. Sign-out sheets for all the grades are posted on the windows opposite the cafeteria “pick-up” door. If you are car-pooling, please make sure that the driver for that week signs out all the students they are taking home.

Snack

While we do provide a small snack to the children during the club meeting, many children are extra hungry from their long day at school. Please consider packing an extra snack for your child on Wednesdays (“save it for Chess Club”). Hopefully this, in addition to the club-provided snack, will be enough to keep their brain operating during Chess Club.

Inclement Weather Policy

Wolftrap’s Chess Club follows the same inclement weather policy as Fairfax County schools. The Chess Club will be cancelled if Fairfax County schools are cancelled, close early, or if after school programs are cancelled. Check for school closing/ activity cancellation updates at www.fcps.ed/news/ermg.htm
